## Devices of the Soul (soft cover version) (Paperback)

By Steve Talbott

O Reilly Media, Inc, USA, United States, 2017. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Self-forgetfulness is the reigning temptation of the technological era. This is why we so readily give our assent to the absurd proposition that a computer can add two plus two, despite the obvious fact that it can do nothing of the sort--not if we have in mind anything remotely resembling what we do when we add numbers. In the computer s case, the mechanics of addition involve no motivation, no consciousness of the task, no mobilization of the will, no metabolic activity, no imagination. And its performance brings neither the satisfaction of accomplishment nor the strengthening of practical skills and cognitive capacities. In this insightful book, author Steve Talbott, software programmer and technical writer turned researcher and editor for The Nature Institute, challenges us to step back and take an objective look at the technology driving our lives. At a time when 65 percent of American consumers spend more time with their PCs than they do with their significant others, according to a recent study, Talbott illustrates that we re forgetting one important thing--our Selves, the human spirit from which technology stems....

### Reviews

*The ideal publication i possibly go through. I was able to comprehended every thing out of this published e publication. I am delighted to explain how this is actually the finest pdf i have got read inside my personal existence and could be he very best ebook for possibly.*

-- Roberto Friesen

*This written book is excellent. It typically is not going to price a lot of. I found out this book from my dad and i encouraged this book to discover.*
