Have you had trouble in the past sticking to your goals and resolutions? Right now, you might have a habit you really want to form - a goal you've been hoping to achieve. You have the intelligence and desire to improve your life. But there's one thing missing - the ability to stick to a habit until it becomes natural and automatic. If you've had trouble developing new habits in the past, it doesn't mean you're lazy or incapable. You just need to learn the science-backed skills proven to keep you on track until your habit is part of your daily life - for as long as you wish. A Solid Plan + Small Steps + Accountability = A Brand New Habit The first step toward shaping a sticky habit is creating your personal habit plan. You can't dive in headfirst and launch a new habit full force. You need to carefully prepare in advance, using the Sticky Habits six-step method to ensure your success. With this method, you'll start with baby steps that are so easy and painless, it won't feel like effort. You'll have no excuses to forget to practice your habit or give up too early. This simple, comfortable method is coupled with solid accountability to support your efforts and help you stay motivated even after the initial thrill of starting something new wears off. As you practice your habit every day, you're actually creating new neural...
