

THE AESTHETICS OF CHAOS: NONLINEAR THINKING AND CONTEMPORARY LITERARY CRITICISM (Paperback)

By Professor of English Michael Patrick Gillespie

University Press of Florida, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. An invigorating (and convincing) challenge to the cornerstone assumptions of virtually all contemporary literary criticism . . . this study lays the groundwork for a dynamic new approach to reading literature. Sure to be controversial, its fundamental right-headedness should help to open debate on the nature of literary criticism across numerous disciplines. --William W. Demastes, Louisiana State University Michael Patrick Gillespie employs concepts of post-Einsteinian physics as the metaphoric and dialectic foundation for an alternative method of interpreting literature. His central argument revolves around the notion that the most useful literary criticism is that which comes closest to the process of reading. He argues that since our reading is not circumscribed by Cartesian cause-and-effect principles, our literary criticism should not be bound by linear thinking. Using examples that range from the Book of Job to Harry Potter and the Sorcerer's Stone, Gillespie demonstrates how nonlinear perception vastly enhances one's ability to understand diverse forms of literature. Invoking theories from Einstein's views on relativity, quantum mechanics, and chaos theories, Gillespie applies his approach to different types of...
