

Begleitendes Selbststudium in der Hochschulausbildung "Physiotherapie". Lerntheorien und Lernmethoden

By Slavko Rogan

GRIN Verlag Mrz 2016, 2016. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Neuware - Slavko Rogan (Drs, MScPT, cand MA, cand, MSc Osteopathy) is a lecturer and research scientist in the Department of Health at Bern University of Applied Sciences. He has a background in osteopathy, physiotherapy and further adult education. He works in the fields of geriatrics, musculoskeletal disorders and sport science. In 2010 Slavko started his PhD track as an external candidate at Maastricht University (promoter: Prof. dr. R. de Bie), working on a project studying training with whole-body vibration and virtual games, and considering their effects on physical performance on an elderly population in need of care. Currently he is in the final stages of his doctoral thesis. Slavko's research interests focus on the development of exercise and training programs in elderly persons. Concurrently to his PhD, Slavko has been studying for an MA in Further Adult Education at the University of Kaiserslautern, which he will complete in January 2016. 32 pp. Deutsch.

Reviews

Extensive guideline! Its this sort of excellent read. it had been writtern quite properly and helpful. You can expect to like just how the writer create this book.

-- Mr. Gustave Gerhold

This book will never be straightforward to start on reading through but quite enjoyable to learn. Better then never, though i am quite late in start reading this one. Your lifestyle span will probably be convert once you complete reading this publication.

-- Dr. Kadin Hane DVM
