Octopus Publishing Group, United Kingdom, 2015. Paperback. Condition: New. UK ed.. Language: English . Brand New Book. This second edition of acclaimed bestseller Perfect Exposure looks at the way professionals address the fundamentals of photography, laying out the decision-making process with the absolute clarity Michael Freeman is famed for. While addressing a subject as old as photography, exposure, this book is fully updated to cover the influence of all the latest technology. Chapter one introduces not just the key camera settings, but also the photographer's ideal decision flow, a process you can easily use in your own work. Chapter two examines all the camera technology designed to assist you in capturing the perfect photo, giving honest thoughts on its advantages and disadvantages. Chapter three is a complete theory and practice of exposure broken down into every shooting scenario you'll ever encounter, from evenly lit scenes to those with wild contrast. Chapter four deals with developing style through exposure, including ideas like high key photography, silhouette and more, as well as a look at the zone system, pioneered by photographers like Ansel Adams, in a digital context. Finally Chapter 5 looks at the powerful post-processing techniques.
