John Wiley and Sons Ltd, United Kingdom, 2007. Hardback. Book Condition: New. 230 x 154 mm. Language: English . Brand New Book. If the twentieth century was the American century, then the twenty-first century belongs to China. Now the one and only Jim Rogers shows how any investor can get in on the ground floor of the greatest economic boom since England s Industrial Revolution. In this indispensable new book, one of the world s most successful investors, Jim Rogers, brings his unerring investment acumen to bear on this huge and unruly land now being opened to the world and exploding in potential. Rogers didn t just wake up a Sinophile yesterday. He s been tracking the Chinese economy since he first went to China in 1984 in preparation for his round-the-world motorcycle trip and then again, later, when he saw Shanghai s newly reopened stock exchange (which looked like an OTB office). In the decades that followed--especially in recent years, with the easing of Communist party financial dictates--the facts speak for themselves: The Chinese economy s growth rate has averaged 9 percent since the start of the 1980s. China s savings rate is over 35 percent (in America, it s 2 percent). 40 percent of China s output goes to exports (so there s no crippling foreign debt). \$60 billion a year in direct foreign investment, combined with a trade surplus, has brought Beijing s foreign currency reserves to over \$1 trillion. China s fixed assets--ports, bridges, and roads--double every two and a half years. In short, if projections hold, China will surpass the United States as the world s largest economy in as little as twenty years. But the time to act is now. In A Bull in China, you ll learn which industries offer the newest and...
