

## Professor Hoffmann s Best Math and Logic Puzzles

---

By Professor Hoffmann

Dover Publications Inc., United States, 2007. Paperback. Book Condition: New. Dover.. 210 x 136 mm. Language: English . Brand New Book. You invite a gentleman to stand in the middle of the room. Taking a piece of chalk, you undertake to draw round him a circle which he cannot jump out of. How is it to be done? This riddle, The Charmed Circle, is but one of dozens of antique treats from a classic collection of brainteasers. Professor Hoffmann published his great treasury of old and new puzzles in 1893. Since then, puzzle aficionados have reveled in the Victorian charm of the professor s challenges. This compilation features some of the most pleasantly perplexing highlights from the original edition 158 puzzles in all, with complete solutions. Four different kinds of puzzles include those involving arithmetic, a selection of word and letter puzzles, puzzles with counters, and quibble or catch puzzles, which rely upon a double meaning or a clever interpretation of the question such as The Charmed Circle, above, in which the triumphant puzzle-solver draws a chalk line around the subject s waist.
