THE HISTORY OF EARTH (PAPERBACK)

AUTHORHOUSE, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The History of Earth enumerates the event that started occurring 8.6 billion years ago down to this day. For the history phobic, the pages of this book also details an amazing, and heart-moving love story that occurred 900,000 years ago. Ever since humans evolved to into thinking beings, their minds have always wandered in questions like: What is this life all about? Why are we here on earth? Why are there stars in the sky? Why do we really have relationships and quarrels? Could the destructive World War II and the wars since have been prevented if people really understood each other, knew where we all came from, where we are, and where we are going? How many trillion dollars would such information be worth? International criminals like Hitler could have foreseen from historical evidences that, their vile adventures in the wrong directions, would lead to failures. Realizing the value of answers to these questions, scientist , since ancient times have worked and thought hard, using various methodologies. On the other hand, today s scientists have to wait for evidences like, the discovery of the ripples of the original Big Bang, to infer the history of earth. This is because the methodology used today, dwells in the physical realm. Focusing purely on this realm will lead to the same truths that these ancient scientists discovered, but it may take a longer time. This book aims to amalgamate the findings by these ancient scientist with that of scientists of today. The spiritually inclined people of India have diligently preserved a big portion of these discoveries. This is especially so in the very Southern parts of India, where no rulers have ever ordered the burning...
