Arcadia Publishing (SC), United States, 2001. Paperback. Condition: New. Language: English . Brand New Book. Tufts College was founded in 1852 as a liberal arts college by a group of Universalists committed to creating a nonsectarian institution of higher education. From its first year with four faculty, seven students, and one building, Tufts University has grown to include four campuses, seven schools, and more than eight thousand students. In the one hundred fifty years since its founding, Tufts has maintained its commitment to teaching, learning, and research, providing a place for students to grow as scholars, leaders, and citizens of the world. Instead of an exhaustive history, this book provides fascinating glimpses into life at Tufts from the earliest days to the late twentieth century. These images from the university archives show both the continuity and change at Tufts through time, illustrating central themes in its history: the pivotal role of teaching, learning, and research; the importance of leadership; a strong cultural tradition; and a commitment to citizenship on campus and in the wider world.
