Forgotten Books. Paperback. Condition: New. This item is printed on demand. 346 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. Excerpt from Psychological Theory The aim of this work is given in its title. First, it is an introduction only, and does not go into the details or the literature of the subject. The aim is to point out the highways of psychology, rather than its myriad byways. Secondly, it is an introduction to psychological theory, and aims less at a knowledge of facts than at an understanding of principles. Until principles are settled there is no bar to the most fantastic theories and interpretations. These principles being illustrated in the most common facts of experience, it is not necessary to psychological insight to make an anthology of madhouse and hospital stories. Such a procedure has about the same relation to psychology that the various books of wonders or the brilliant experiments of the popular lecturer have to sober physical science. An odor of quackery is perceptible in both cases. The plan of the work precludes much attention to physiological psychology. Whatever the merits of this science may be, it presupposes pure psychology. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. This item ships from La Vergne, TN. Paperback.
