Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Ever wondered why you are on this earth? It was not a happenstance. You were chosen by the Great Movie Director, God, to feature in this movie called life. He only saw you fit to play that role. But the question is: what s the role you are here to play? Have you discovered it yet? Are you playing it well? The purpose of life is not to endure boring existence of living from pay check to pay check nor sleeping from dusk to dawn. We are here to electrify nature. We are here to add to the beauty of this world. Forlornly, that purpose orchestrated by God has been thwarted by our greed and pursuit of personal gratification. And as a result, many people seem to have forgotten who they were made to be, living their lives just as everyone else. In this awe-inspiring book, the author recounts her incredible journey through the complexities of life to becoming the woman she is today. You will laugh, you will cry, because she isn t hiding a thing. She says it as it is!.
