Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Stratigraphic Policy of the Illinois State Geological Survey It is not the intent of this report to establish an inviolate code, because the nature of sedimentary rocks makes it imperative to allow for flexibility and for future changes. It is our hope that this statement of policy, while providing a needed degree of uniformity in stratigraphic classification and nomenclature in Survey publications, will at the same time increase the flexibility of the classification, and will direct attention to fundamental problems in this field. Nor is it our intent at this time to revise the ranking and nomenclature of the entire stratigraphic column of Illinois to conform to the present statement. Specific changes will be made only after study of individual parts of the column. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
