Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is the beginning of the book. From the time the Jews encountered him in Medina, a town they founded years before, they had a name for him. HaMeshugah. That s all they ever called him, never by his name, down through the ages. But he was no ordinary nutcase. He was SuperPsycho. Muhammad was a mix of maniac and monster unique in the pages of history, a bottomless pit of cruelty, devoid of conscience, scruples, or principles, inhuman to his fingertips. He cared only about three things: Me, Myself, and I. Today he would be recognized as criminally insane but it wouldn t be hard to prove that he knew right from wrong in order to put him on trial. What was right was good for Me, Myself, and I and what was wrong was bad for Me, Myself, and I. With Muhammad it all was as simple as that. Muhammad was a serial murderer, a serial rapist, a serial robber, and in one documented case, a child molester. We are still wasting our breath talking about him today because he parlayed a local phenomenon, worship of a meteorite that happened to land in the desert 50,000 years previously, into a world-wide religion. As far as I am concerned people can worship whatever they want: meteorites, parking meters, rhinoceroses. But no one s religion can purchase him a pass from facing justice for his crimes. If that doesn t happen while the perpetrator is alive, posterity has an obligation to the victims to put him on trial in absentia. Nor can societies who elevate a mentally disturbed fiend to the status of god expect others to look away.
