Over seven hundred star systems have been colonized by the Augment Empire, a cybernetic species that requires organic tissues to process food into usable fuel. When the cruel King Taen attempts to appropriate the lands of Lord Mavren, ne instead makes an enemy of the once-loyal lord, and turns all the power of the Empire against itself in a brutal civil war. Young and ambitious Nact moves swiftly up the ranks of Mavren s rebel army to the coveted post of General. To cement nir position, and prove once and for all the lower castes are just as capable as the highest nobility, ne has only one task left to accomplish: capture Lord General Aiomondi, the brilliant, lethal head of King Taen s military. and Mavren s defected lover. When the disastrous aftermath of a battle flings Nact and Aiomondi beyond the charted galaxy to land on a hostile planet, their only hope of survival lies in cooperation. But being enemies makes finding common ground impossible, and no matter how compelling Nact finds the beautiful, intelligent Aiomondi, it s hard to trust someone known not only for nir prowess in war, but for nir treachery.
