Forgotten Books. Paperback. Condition: New. This item is printed on demand. 102 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. Excerpt from Religious Aspects of Scientific Healing: A Psycho-Analytic Guide Written, From the Patients Point of View Among books aiming at the improvement of life through knowledge of the laws of the mind I believe that this little work will gain for itself honorable recognition. Long and constantly increasing as this series of writings is, the combination of the rational and religious treatment which characterizes Mr. Johnstons essay is but scantily represented in it. Works on mental therapeutics fall, with few exceptions, into two distinct classes. One of these aims at being strictly scientific. It deals with those affections of the mind which apparently rest on no organic lesion or progressive deterioration of the brain and the nervous system. It approaches the subject through the refined methods and the terminology of abnormal psychology, at present almost exclusively the psychology of Freud. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. This item ships from La Vergne, TN. Paperback.
