Fretboard ABCs: Building Confidence, Guitar Fretboard Knowledge and the Foundations of Tonal Structures

By Randall Jackson

Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.For advanced beginners through advanced intermediate guitarists, this book presents a structured approach to developing a thorough knowledge of the guitar fretboard. Knowing where the notes are, without having to stop and think, is essential to chordal and soloing mastery, but few structured methods for developing this knowledge exist. This book fills that gap, and does so by developing a set of exercises that will at the same time challenge the student, develop a thorough knowledge of the guitar fretboard what s where, and in the process build the foundations of tonal structures that will benefit those who play any style at any level. Audio mp3s for the exercises are downloadable from the book s website at The book begins with a very brief few sections that present the musical theoretic rationale for the 24 exercises that comprise most of the book. Those who already have the necessary understanding of major and minor scale fundamentals and the concept of triads can move directly to the exercises, but nearly everyone will find an informational nugget or...

Reviews

This kind of pdf is every thing and made me seeking ahead plus more. It is probably the most amazing ebook i have study. I am quickly can get a enjoyment of reading a composed pdf.

-- Florence Rutherford DDS

Definitely among the best ebook I actually have possibly read through. It is really simplified but unexpected situations in the 50 % from the publication. You wont truly feel monotony at at any time of the time (that's what catalogues are for concerning in the event you ask me).
