Boydell Brewer Ltd, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. A remarkable survey of Heaney s work and its debt to medieval poetry. [.]McCarthy has presented a compelling analysis of Heaney s use of medieval poetry. THE MEDIEVAL REVIEW Seamus Heaney s engagement with medieval literature constitutes a significant body of work by a major poet that extends across four decades, including a landmark translation of Beowulf. This book, the first to look exclusively at this engagement, examines both Heaney s direct translations and his adaptation of medieval material in his original poems. Each of the four chapters focuses substantially on a single major text: Sweeney Astray (1983), Station Island [1984], Beowulf [1999] and The Testament of Cresseid [2004]. The discussion examines Heaney s translation practice in relation to source texts from a variety of languages [Irish, Italian, Old English, and Middle Scots] from across the medieval period, and also in relation to Heaney s own broader body of work. It suggests that Heaney s translations and adaptations give a contemporary voice to medieval texts, bringing the past to bear upon contemporary concerns both personal and political. CONOR MCCARTHY gained his PhD from Trinity College Dublin.
