Pearson Education (US), United States, 2009. Paperback. Condition: New. Original. Language: English . Brand New Book. Scott Kelby, author of The Digital Photography Book, volume 1 (the world's best-selling digital photography book of all time), is back with a follow-up to his volume 2 smash best seller, with an entirely new book that picks up right where he left off. Well, that's what this book is all about: you and I out shooting where I answer questions, give you advice, and share the secrets I've learned, just like I would with a friend-without all the technical explanations and techie photo speak. Each page covers a single concept on how to make your photography better. Every time you turn the page, you'll learn another pro setting, tool, or trick to transform your work from snapshots into gallery prints. If you're tired of taking shots that look okay, and if you're tired of looking in photography magazines and thinking, Why don't my shots look like that? then this is the book for you. This isn't...
