

## Graphic Science: Seven Journeys of Discovery (Paperback)

Filesize: 5.42 MB

### **Reviews**

*This created ebook is great. it was writtern very properly and useful. Its been printed in an exceedingly easy way in fact it is just right after i finished reading this pdf where basically modified me, alter the way i think.*

*(Aglae Becker)*

**GRAPHIC SCIENCE: SEVEN JOURNEYS OF DISCOVERY (PAPERBACK)****DOWNLOAD**

Myriad Editions, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Much is known about scientists such as Darwin, Newton, and Einstein, but what about lesser known scientists - people who have not achieved a high level of fame, but who have contributed greatly to human knowledge? What were their lives like? What were their struggles, aims, successes, and failures? How do their discoveries fit into the bigger picture of science as a whole? Overlooked, sidelined, excluded, discredited: key figures in scientific discovery come and take their bow in an alternative Nobel prize gallery. Antoine Lavoisier: the father of French chemistry who gave oxygen its name, Lavoisier was a wealthy man who found himself on the wrong side of a revolution and paid the price with his life. Mary Anning: a poor, working-class woman who made her living fossil-hunting along the beach cliffs of southern England. Anning found herself excluded from the scientific community because of her gender and social class. Wealthy, male, experts took credit for her discoveries. George Washington Carver: born a slave, Carver become one of the most prominent botanists of his time, as well as a teacher at the Tuskegee Institute. Carver devised over 100 products using one major ingredient - the peanut - including dyes, plastics and gasoline. Alfred Wegener: a German meteorologist, balloonist, and arctic explorer, his theory of continental drift was derided by other scientists and was only accepted into mainstream thinking after his death. He died in Greenland on an expedition, his body lost in the ice and snow. Nikola Tesla: a Serbian American inventor, electrical engineer, mechanical engineer, physicist, and futurist best known for his contributions to the design of the modern alternating current (AC) electricity supply system. A competitor of Edison, Tesla died in poverty despite his...
