

Readings in Social Problems: Edited with an Introduction (Classic Reprint)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

(Prof. Loyce Runolfsson Jr.)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Readings in Social Problems: Edited With an Introduction Some years ago, while teaching economics and sociology in Oberlin College, the editor of this book became impressed with the need of a course which should deal with the more basic and deeply rooted problems of our time in a serious and critical, but not too detailed or exhaustive, manner. Nearly every college and university was offering certain specific and detailed courses on individual, social, or economic problems, such as immigration, the family, poverty, etc. There were also many courses dealing with the abnormal side of society, the by-products of evolution, criminals and defectives, and methods of dealing with them - charities and corrections, criminology and penology, and the like. Thus there was much indication that many economics or sociology departments were devoting a very considerable part of their time - often the greater part of it - to a more or less superficial and temporizing study of what we may call for brevity the down and out ; and this to the neglect of serious study of the underlying historical, economic, psychological, and social forces which produce in every normal society a number of problems of deepest import to the welfare of every normal individual and to the future direction of social evolution. Moreover, where only courses on specific individual problems or institutions are given, the student is not sure to emerge from his sociological study with anything even remotely resembling a perspective upon social and economic organization and process. Of a broad, general survey, demanding serious though not technical study of basic social problems of vital significance to-day, the editor could find few examples. During...
