The Engineer in War: With Special Reference to the Training of the Engineer to Meet the Military Obligations of Citizenship (Classic Reprint)

By P S Bond

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Engineer in War: With Special Reference to the Training of the Engineer to Meet the Military Obligations of Citizenship In presenting this volume to the engineering profession, the author does not aim to provide a treatise on military field engineering. A number of excellent manuals and text-books are in existence, most of which are well adapted to study by the civilian engineer. After all, military field engineering, as its name implies, is a practical art and cannot be acquired by study alone. Engineering plays so important a part in all the operations of warfare that it is perhaps no exaggeration to say that modern war is an application of engineering science to the armed conflicts of states. Those who have considered our military policy cannot have failed to observe how greatly it depends upon the voluntary service of our citizens. The rights and privileges of citizenship carry with them the obligation of service to the state. But the mere tacit recognition of a duty does not insure its efficient discharge. If we acknowledge a...
