Evangelische Verlagsanstalt, Germany, 2011. Hardback. Book Condition: New. 236 x 162 mm. Language: German Brand New Book. English summary: The paradigmatic significance attributed to this day to the university reform of Wilhelm von Humboldt is reason enough to inquire into the historical impact and present importance of Schleiermacher's concepts that influenced the new foundation of the Berlin university 200 years ago. To achieve this goal this volume places the ideas and initiatives that Schleiermacher contributed to establishing the new university in Berlin in the larger context of his explanatory statement on the scientific nature of theology. Central to this is his definition of the relationship between religion and Christianity, between church and culture, which is part of his attempt to arrive at a definition of theology, Christianity and the church that can meet our modern expectations. German description: Die paradigmatische Bedeutung, die der Humboldtschen Universitätsreform bis heute zukommt, ist Grund genug, nach der historischen Bedeutung und der gegenwertigen Orientierungskraft derjenigen Impulse zu fragen, durch die Schleiermacher die Berliner Neugruendung vor 200 Jahren beeinflusst hat. Dafuer werden in diesem Band die Ideen und Initiativen, mit denen Schleiermacher sich in die Berliner Universitätsgruendung einbrachte, in den weiteren Zusammenhang seiner Begrueundung des Wissenschaftscharakters von Theologie gestellt. Zentral ist dabei seine Verhaeltnisbestimmung von Religion und Christentum, Kirche und Kultur, mit der Schleiermacher ein modernetaugliches Theologie-, Christentums- und Kirchenverstandnis zu begrueunden sucht.
