Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Alcapenny and Bot aren't your average kids. They're unusually smart, brave, and creative. They can even talk to animals. In one important way, however, they're way below average: Alcapenny and Bot are only three inches tall. For such little people, they seem to get into a lot of mischief, and big trouble leads to grand adventure. When a passing hawk flies off with Alcapenny, Bot is sure she's still alive out there somewhere in the woods. But how will he find her? Can a three-inch boy save his tiny sister before she becomes bird food? Bot isn't about to let his size stop him from finding Alcapenny. He sets off into the forest on the back of his new guinea pig friend, Isabella. Carl the mouse, who is determined to shed his tame ways and become a real wild rodent, joins them. In the meantime Alcapenny discovers a whole new world of animal allies and enemies in the wilderness. Despite her love for her furry forest friends, Alcapenny misses home. The wild life is exciting, but both Alcapenny and Bot learn that no matter how little you are, family is a real big deal.
