DAILY HIGHER-ORDER THINKING, GRADE 6 (PAPERBACK)

Evan Moor Educational Publishers, United States, 2018. Paperback. Condition: New. Teacher ed.. Language: English . Brand New Book. Critical thinking skills are more important than ever in academic and real-world situations. Daily Higher-Order Thinking provides you with daily activities that build and grow students problem-solving skills in engaging formats such as logic and visual puzzles, brainteasers, creative writing, picture comparison, word play, and what if questions. Daily 20-minute practice lessons help students apply critical thinking skills across subject areas. The lessons develop students higher-order thinking skills and allow them to integrate their learning and make deeper connections between their learning and the real world. Use Daily Higher-Order Thinking for warm-up exercises, extension activities, early finisher tasks, and small-group center activities to develop your students critical and creative thinking skills. How it works: - Monday-Friday: Full-page daily activities focus on a specific behavioral verb each day. The verb is defined at the top of the page so students become aware of when and how they are using the thinking skill. - Each full-page activity gives students an opportunity to practice a higher-order thinking skill in the context of a different curriculum area. - Questions and tasks are open-ended and can be used to promote peer-to-peer discussions as students share and discuss answers, while also fostering critical thinking skills. - An answer key provides sample responses for each day s activities. Evaluate students responses based on your own expectations and on what content your students have encountered. Grade 6 activities include: logic puzzles, creative writing, picture comparisons, and what if questions. Daily lessons practice higher-order thinking skills such as: - Analyzing - Predicting - Designing - Composing - Organizing - Evaluating - Imagining - Strategizing.
