Date :2010-6-1. English is a global language. In the 21st century, its versatility makes it an essential communication tool. This versatility is reflected not only in language communication, but also in computers, technology, business and everyday lives. In the information age, students can develop English education not only cross-cultural communicative competence, but also to promote the comprehensive development of students is also an extremely important role. English to enable students to more directly access and process information expand the vision, exercise way of thinking, to improve cultural awareness, the ability to develop exchanges and cooperation and lifelong learning. English language education in China in the past mainly to teach English language rules and knowledge for teaching focus. Since the 1980s has been the focus of the teaching of English began to develop students into the language capability. From the 90's, the English in the teaching content to increase the cultural knowledge. Today, the new curriculum reform has increased the emotional attitudes and learning strategies and so on. Shifting the focus of English teaching and the teaching content continues to expand, marking the continuous development of China's English education and progress, both for us today provides a good English education and a prerequisite for a broad choice, but also presents us with new tasks and challenges. In 2001, the State Council on the basis of reform and development of decision and the Ministry of Education, Basic Education Curriculum Reform Program (Trial) began. Since then, in the exam, college entrance and college courses on English proficiency requirements are integrated greatly improved. In this context, the kind of time-consuming and inefficient. Gaofendineng of English teaching materials...
