iUniverse, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This short book cuts through all the confusion about the income tax laws, because in reality there is no confusion in the law, and cuts through the maze of legal distractions asserted by the United States government to mislead the American people about the income tax, to quickly and absolutely demonstrate the proper application of the income tax under today s laws, and to clearly and succinctly show how the government has unlawfully misused and misapplied the provisions of the statutes to wrongfully force all American citizens and corporations to pay an income tax that they do not actually owe under the law, and which in fact, has clearly never actually been imposed by the law on their income derived from activities conducted in America.
