EHGBooks. Paperback. Condition: New. 172 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. On other side of seriousness, science has its romantic face. Since human landed on the Moon more than 40 years, space is no more out of reach. Robots walked in factories, homes, and now a doctor called Watson. Science is not only interesting, but also of humor. Scientists put things we thought of course into research, and proved they were truly of course. Scientific researches are done in the laboratory, when developed into technology, they are being used out of laboratory. Big data might be used to change our behavior and to predict crimes, for instance. Sometimes developers were so kind and left gaps for those of negative-minded, such as made security threat of social network a big challenge. Languages from scientists are different. Some we do not understand, some contrary to our understanding, but some feeling as a spring bath from our hearts with admiration. Hollywood newly hired some great talents. Not actors, nor writers or directors, but scientists, to make science fiction movies scientifically right such as to shrink human to the size of an ant. General movies audience has become significantly knowledgeable in science nowadays. This book collects 50 short easy to read articles, hopefully to bring readers into the romance territory of science. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
