Fowler s Wayward: scifi stories poems is a wonderful collection in which young characters experience futuristic adventures. The science is low-key, but the stories are anything but in this whimsical collection featuring a boy who tries to win over his high school crush while fending off space chimps in a play, a girl who has to learn how to fly an escape pod before her world is destroyed, a gallant space knight who loves his laser pistol more than the space princess, a young cowboy who must defeat the villain arriving the next day by hovertrain, the spaceworm trying to find his perfect wormhole abode, and so many more.
