Killing the Rising Sun: How America Vanquished World War II Japan is the newest collaboration between two men: Fox News host, Bill O Reilly and Martin Dugard. The book mainly focuses on the killings of prominent historical figures. Even though the two authors had collaborated in writing similar novels in the past, there is still a noticeable difference between Killing the Rising Sun and their previous novels. The book s story revolves around killing an imperialist version of World War II Japan. This death occurs when the Japanese emperor, Hirohito, agrees to an unconditional surrender to the World War II Allies. There were two events that preceded this act of surrender: the bombing of the Japanese city, Hiroshima, followed by the bombing of the Japanese city, Nagasaki. After reading the novel we can see that Killing the Rising Sun is a fast-paced novel, in which events of Japanese capitulation and the society s transformation are intermingled with one another.
