

1001 Questions Answered about Birds

By Cruickshank, Allan D.; Cruickshank, Helen

Dover Publications, 1976. Paperback. Condition: New. How fast do birds fly? What are winter visitants? When do birds reach breeding age? Do all birds molt annually? Why do birds sing? The answers to these and over a thousand other questions make up this vastly informative yet compact and entertaining volume about birds. The book gives you the background you need to use field guides intelligently and explains many important and interesting facts about the life of birds. Originally published by Dodd, Mead, and Co. in 1958. 291 pp.

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Brennan Koelpin

Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
