*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

Most of them have been established with that goal in mind. However, throughout time they have lost sight of those goals and have rendered themselves on the margins of relevance to the Global African struggle. There is focus on Omega Psi Phi Fraternity in this book only because the author is a member of that fraternity and has a more intimate understanding of the intricacies of that fraternity. However, the ideas presented in this book may serve as a paradigm for black fraternities and sororities. With Omega as a paradigm for black fraternities, this book calls the reader to consider that Omega is in a unique position to economically and intellectually support a national/international movement to uplift African people as well as all downtrodden humanity. Omega is in this unique position because it has an economic infrastructure that generates capital without external support. Omega also has the intellectual and professional capacity capable of implementing economic, social, educational and cultural programs that can systematically uplift the downtrodden in a substantive way. Omega is in this unique position because it has a commercial brand that is successfully marketed and it has means of producing revenue. It also has its own banking system with the strong potential for expansion....
