Brand New Book ***** Print on Demand *****.Excerpt from Suggestions to Foreign Applicants for Registration of Trade Marks in the United States Patent Office The suggestions made in this pamphlet were written for the purpose of assisting the owners of trade-marks who reside in or are located in foreign countries and their attorneys in securing registration of trade-marks in the United States Patent Office under the Act of February 20, 1905. The fundamental principles of the law of trade-marks have not been considered, for what constitutes a valid, technical trade-mark has been discussed in many treatises and in a great many decisions; no discussion of the reasons which may have influenced Congress in passing a declaratory rather than an attributive law has been attempted. An effort has been made, however, even at the risk of being censured for repetitions, to explain exactly the form in which application for registration should be made; the various steps which should be taken to secure the certificate of registration; what kind of mark is registrable under the provisions of Section 5, and the most important decisions interpreting the act. As an appendix to this pamphlet, there have been printed forms to illustrate the manner of preparing applications, and the official classification of merchandise. It is believed that if applicants will follow closely the forms presented and be directed by the suggestions made, many amendments and extensive correspondence resulting in great expense and delay will be avoided. The next to the last proviso of Section 5 is referred to throughout as the ten year proviso. The title. Commissioner of Patents, refers to any Commissioner who has decided any of the points considered. The abbreviation O. G. refers to the Official...
