DC Press. Paperback. Book Condition: new. BRAND NEW, The Solomon Portfolio: How to Invest Like a King, Robert W. Katz, The purpose of this book is simple: to make you richer than you are presently -- through sensible, understandable financial concepts and through a stronger relationship with God. Using the strength of wisdom displayed by the richest and wisest man known throughout history -- King Solomon, the author puts that knowledge and wisdom to work in approaching modern day investing. The book is practical and very easy to understand. What was revealed to Solomon can be applied to your own investments. Since no software will ever be able to accurately tell anyone what specific investment will be guaranteed to work; the same goes for investment advisers. The key to proper investing is to properly diversify and to prudently monitor one's investments. By setting up a portfolio that confirms Solomon's advise and uses scientific research and hard fact, the seven specific asset types that produce amazing results are called "The Solomon Portfolio". The seven are large-cap US stocks, small-cap US stocks, Non-US stocks, commodities and natural resources, real estate investment trusts, intermediate bonds, and cash.
