Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

The last four books are somewhat more comprehensive in their treatment of the phase of bacteriology considered. PERIODICAL LITERATURE. The magazine literature of the day often contains material that is more or less valuable for study. The appended list embraces the more important papers that have appeared in the popular and non-technical magazines from 18!5 to 1900. Many of them may doubtless be found in the files of the public libraries of most of the cities of the state. A number of subjects other than those specifically treated in the bulletin are included. The abbreviations of the magazines referred to are those usually employed in library references and hardly need any explanation. The volume number is given first, followed by a colon, then the page.
