Excerpt from A Manual of Medical Jurisprudence, Compiled From the Best Medical and Legal Works: Being an Analysis of a Course of Lectures on Forensic Medicine, Annually Delivered in London Medical practitioners should be aware, that all the rising barristers of our criminal courts attend lectures on legal medicine; and often does forensic fame arise from the ability with which an advocate examines a medical witness A knowledge of medico-legal science is almost as indispensable to the one as to the other; and the Coroner who is ignorant of it, is evidently incompetent to discharge his duty to the public, or to secure impartial justice to the accuser or accused. This has been incontrovertibly proved in the article on medical evidence. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
