Masters of Doom is the amazing true story of the Lennon and McCartney of video games: John Carmack and John Romero. Together, they ruled big business. They transformed popular culture. And they provoked a national controversy. More than anything, they lived a unique and rollicking American Dream, escaping the broken homes of their youth to produce the most notoriously successful game franchises in historyDoom and Quake until the games they made tore them apart. This is a story of friendship and betrayal, commerce and artistrya powerful and compassionate account of what its like to be young, driven, and wildly creative. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
