Sri Satguru Publications, Dehli, India, 1990. Hardcover. Condition: Neu. Dust Jacket Condition: Leichtere Gebrauchsspuren. 1. Auflage. This new translation, drawing its inspiration from both careful scholarship and yogic practice, offers innovative features in that it: - provides a full grammatical analysis of each term used by Patanjali, including an analysis of word compounds. - emphasizes the style and flow of the central author, rather than deferring to later commentaries. - includes a concise introduction, surveying earlier scholarship on the text and highlighting what the translators perceive to be its central theme: the process of subtilization. - uses consistent translation of Sanskrit terms such as artha (purpose) and visaya (condition), where as prior translations have often given more than one translation for the same Sanskrit word. - selectively retains technical vocabulary in the original, thus challenging the reader to expand his or her linguistic horizons by assimilating Sanskrit terms such as purusa, prakriti, guna, and dharma. A Sanskrit word index and Bibliography of prior translations are included.
