

Developing Online Learning Environments in Nursing Education

By -

Springer Publishing Co Inc, United States, 2013. Paperback. Book Condition: New. 3rd Revised edition. 226 x 152 mm. Language: English . Brand New Book. This third edition of the best-selling nurse educator s handbook on using online teaching tools and assessing their results keeps pace with the rapid-fire progression in digital learning that has occurred since the second edition was published in 2008. Completely revised and updated, this edition presents several new interactive digital tools and current guidelines in translating courses from the classroom to the online environment. It provides new content on Web-based learning theories and how to optimally teach students using the latest technology. Additionally, this edition offers new information on staff development and a new chapter on the role of staff development educator, guides instructors on how to build an on-line community, and includes practical, proven measures for student assessment and evaluation in online education. Using a step-by-step approach, the book discusses the basics of online learning, its infrastructure, and its technical support needs. Current evidenced-based research examines teacher-student interactions, course management, web-based resources, and best-practices. The text also includes an overview of free and for-purchase technologies and describes how to choose those technologies that meet the...
