Yogi Impressions Books Pvt. Ltd., Mumbai, India, 2015. Softcover. Book Condition: New. First Edition. The book throws new light on the nature of Moksha, the necessary and sufficient conditions for its occurrence, and also on the very process of the Maharshi's Moksha itself. For these reasons, the work is also bound to stand out as an important contribution to the growing corpus of Ramana Literature in the world. Astrologers and seekers alike travelling on diverse paths will find in this book astonishing new insights, which will enable them to see order, for the first time, in the field of their enigmatic spiritual lives; a field wherein they would have seen previously no definitive pattern of spiritual destiny at all but only a seething confusion of disillusionment and belied hopes. Dr. Sankara Bhagavadpadas credentials as a researcher in theoretical nuclear physics (1972-1982) as well as his ensuing years of selfless service (1983-2000) as an acharya in the spiritual mission of his Master Sri Sri Bhagavan, have profoundly impressed themselves upon this work, in the form of a systematic incisive enquiry as well as an intimate familiarity and understanding of the spiritual life. Printed Pages: 300.
