A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Humanity is fast approaching the threshold of a great spiritual and cultural transformation - unprecedented in the history of life on Earth. Much of this book is a consideration of a teaching that has come to be known as the Ageless Wisdom, embodying ancient principles that have been passed down to us in oral, symbolic and written form. Among its manifold values, this teaching can guide us to an understanding of the subjective factors underlying outer events. It also provides a safe and scientific method of spiritual training that will continue to stand the test of time. Comments by Reviewers From my perspective as a life-long student of the Ageless Wisdom, I think Kathy Newburn provides a clear and easily understandable exposition of the often complicated and complex wisdom that has been given to humanity in the form of what the Tibetan Teacher Himself has termed the intermediate teachings of the Ageless Wisdom - the first preparatory teachings having been given out in the two tomes brought forth by Helena Petrovna Blavatsky in the late 1800s under the titles of Isis Unveiled and The Secret Doctrine.
