Reviews

The very best book i actually read. I was able to comprehend every little thing using this composed e publication. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace. Paperback. Condition: New. This item is printed on demand. 396 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. An excerpt from the introductory: TO THE READER. IT has been a long time my thought to turn Seneca into English; but whether as a translation or an abstract, was the question. A translation, I perceive, it must not be, at last, for several reasons. First, it is a thing already done to my hand, and of above sixty years standing; though with as little credit, perhaps, to the Author, as satisfaction to the Reader. Secondly, There is a great deal in him, that is wholly foreign to my business: as his philosophical treatises of Meteors, Earthquakes, the Original of Rivers, several frivolous disputes betwixt the Epicureans and the Stoics, etc. , to say nothing of his frequent repetitions of the same thing again in other words, (wherein he very handsomely excuses himself, by saying, That he does but inculcate over and over the same counsels to those that over and over commit the same faults.) Thirdly, His excellency consists rather in a rhapsody of divine and extraordinary hints and notions, than in any regulated method of discourse; so that to take him as he lies, and so to go through with him, were utterly inconsistent with the order and brevity which I propound; my principal design, being only to digest, and commonplace his Morals, in such sort, that any man, upon occasion, may know where to find them. And I have kept myself so close to this proposition, that I have reduced all his scattered Ethics to their proper heads, without any additions of my own, more than of absolute necessity for the tacking of them together. Some other man in my place would perhaps make you twenty apologies for his...
