INDUSTRIAL ACCIDENTS AND THEIR COMPENSATION (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Industrial Accidents and Their Compensation This series of books owes its existence to the generosity of Messrs. Hart, Schaffner, and Marx of Chicago, who have shown a special interest in trying to draw the attention of American youth to the study of economic and commercial subjects, and to encourage the best thinking of the country to investigate the problems which vitally affect the business world of to-day. For this purpose they have delegated to the undersigned Committee the task of selecting topics, making all announcements, and awarding prizes annually for those who wish to compete. In the year ending June 1, 1909, the following topics were assigned: - 1. German and American methods of regulating trusts. 2. The logic of Progress and Poverty. 3. What are the ultimate ends of trade-unions, and can these be gained by any application of the principles of monopoly? 4. In view of the existing railway progress, should the United States encourage the construction of waterways?
