## GACE EARLY CHILDHOOD QUICK REVIEW: PARTS 001 002

Createspace, United States, 2011. Paperback. Book Condition: New. 251 x 201 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is a review guide for the Early Childhood GACE exam. This quick review contains around 200 pages of information and gives the test taker a basic over view of the possible information for the exam, leaving out the fluff and useless information. There are section review questions at the end of each subsection. This manual briefly covers all of the frameworks laid out by the GACE Company. It prepares you for all sections: Reading, Language Arts, English, Social Studies, Math, Science, Physical Education, and Health. Also included is test taking advice from someone who has actually taken and passed four GACE exams. After speaking with several Early Childhood majors I have concluded that, practice for the math section is needed most. This book includes over 200+ math practice questions and solutions. This is essential because test takers are not permitted to use calculators. Note: There are no sample questions or practice exams for the exam within this book. Why? After reading many peer reviewed scholarly articles, test takers who complete practice tests tend to focus on that information rather than the big ideas.
