MAYBE HE S NOT GAY: ANOTHER VIEW ON HOMOSEXUALITY (PAPERBACK)

Penrhyn Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. Teens need to hear the truth about homosexuality, not just the political spin. Maybe He s Not Gay gives them a step-by-step way to evaluate a potential American revolution. Is homosexuality just like any other lifestyle? Is it an inborn and unchanging identity? And what does Christianity really say about this behavior? Despite attempts to silence, distort and censor reasonable, conservative views about homosexuality, the youth of America deserve so much better. They deserve to see the complete picture. More and more young people are announcing I m gay and deciding this is their identity, so it s time to take a closer look. It s a profound declaration, a new civil right (they are told) and it s who you are. But there s a problem. Are we sure this is the truth? Does this identity bring the promised liberation and the key to a whole new life? Does it lift the burden of secrecy - or begin a different kind of struggle? Maybe He s Not Gay: Another View on Homosexuality by Linda Harvey addresses these critical questions. This book is for America s youth and the bright future they can all have, regardless of the turmoil of adolescence, which for some, may include same sex attractions or gender confusion. What do those feelings mean? Is there another possibility that transcends the seeming finality of a homosexual identity? Teens, college students, parents, youth group leaders and many others will appreciate the practical insights and faith perspective of Maybe He s Not Gay. Catalog description Despite attempts to silence, distort and censor reasonable, conservative views about homosexuality, the youth of America deserve so much better.
