

Arithmetic by Grades, Vol. 1 (Classic Reprint) (Hardback)

Filesize: 7.83 MB

Reviews

Completely among the finest ebook We have at any time read through. it was actually writtern really properly and helpful. You are going to like just how the writer compose this publication.

(Mr. Deangelo Considine)

ARITHMETIC BY GRADES, VOL. 1 (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Arithmetic by Grades, Vol. 1 This book, the first in a new series of practical arithmetics, is designed to impart to the pupils a mastery of the fundamental processes in manipulating integers, familiarity with a few rudimentary fractions, and a facility in simple calculation. It is hoped that the method, and particularly the manner, of presentation will not only guide but also interest the pupils in the ordinary applications of whole numbers and simple fractions to everyday problems. The authors have never lost sight of the fact that a thorough grounding in the fundamental operations is the key to future success in arithmetical computation, and that proficiency in the use of tables and factors must be gained through drill. Accordingly the work in problems in the earlier books of the series has been subordinated to drill practice. It is hoped that sufficient and varied drill work has been provided so that abstract calculation may become almost automatic, and the pupil may acquire that accuracy and rapidity which are necessary if the thought work of the later years is to be unhampered. The fact, however, that all work in the abstract should follow as a result of a concrete and urgent need in the pupil's mind, that there must be a vital point of contact between the pupil and the new topic or process, has been kept in view and, as a rule, all drill work and new processes are approached in problem form. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
