

Drugs for Less: The Complete Guide to Free and Discounted Prescription Drugs

By M.P. Cecil

Hatherleigh Press, U.S., United States, 2005. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. The first easy-to-use reference guide to saving 50 or more on the 250 most commonly prescribed medications in the United States. Over 40 million Americans lack health insurance. Another 40 million Americans are insured by Medicare and do not have prescription medications as a covered benefit. The 50 million covered by Medicaid are threatened by reduced benefits and limited formulary coverage. Even the 74 million Baby Boomers with health insurance are impacted, as pharmaceutical companies pass their costs on in the form of higher co-pays and insurance premiums. We all are affected by the problem of rising prescription drug costs. Drugs for Less is the answer to the problem. Empowering consumers with needed information, the book outlines seven simple strategies to reduce rising pharmaceutical prices. Here, for example, are tips on how to ensure that drugs you buy online are safe, guidelines on how to slice medications, and information on which generic drugs are more effective than the expensive brand-name versions. Most importantly, the book includes an extensive directory of the 250 most commonly prescribed medications with specific information on how...

Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

-- Mr. Grant Stanton PhD

A whole new eBook with an all new standpoint. It is actually rally fascinating throgh reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).
