It's a question every marketer, innovator, entrepreneur, or trend-watcher strives to answer—especially in an age when certain types of consumers are increasingly instrumental in shaping national and even global buying habits. *Karma Queens, Geek Gods and Innerpreneurs* is your hands-on guide to getting inside the minds of the people who are setting the trends in art, music, technology, fashion, health, and every kind of consumer product and service. Based on thousands of hours of consumer research conducted by Consumer Eyes, a prominent New York-based marketing firm, this book uncovers nine influential consumer types and reveals how to connect with them, market to them, and create the products that will not only win them over, but their entire social networks as well! By using C-Types—rich, three-dimensional consumer portraits combining quantifiable data with expressions of personality—Rentel identifies and illuminates the consumers who set the trends. He not only helps you understand Karma Queens, Geek Gods and other consumer types on a deeper level in order to reach them more effectively in your marketing and advertising,...
