FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Radiant, Vol. 8: December 1914 A brief glance at the life and work of these early play wrights shows three noteworthy things which have a bearing on Shakespeares career. First, these men were usually actors as well as dramatists. They knew the stage and the audience and in writing their plays they remembered the love of the audience for stories and brave spectacles as well as the actor s part. Second, their training began as actors. They revised old plays and became independent writers. Third, they often worked together as Shakespeare worked with Marlowe. Much of Shakespeare? S work depends on previous plays. Even his Hamlet was the material of an earlier play of the same name, probably by Kyd, which was known twelve years before Shakespeare s great work was written.
