TWO WORLDS: DEVELOPING YOUR PSYCHIC SKILLS (PAPERBACK)**DOWNLOAD**

Createspace, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Through the tragic circumstances of breast cancer and divorce, I began a personal quest for happiness and purpose. I looked for a meaning of life and thanked God for my recovery from cancer. I discovered I had a strong psychic gift and began a spiritual quest to identify and develop those abilities. I also identified the many questions we humans think about almost every day like: What about the hereafter and spirit beings? These beings who exist in other dimensions or other realities? We struggle with these ideas that we are not the only living beings in the universe. In 1990 I became an intuitive counselor and discovered I could see, hear and feel other dimensional beings. Yes, I am very psychic, but how does that help you The Reader of this book? First, I will tell fun, exciting and even bizarre stories of the world of the psychic. And secondarily, I am going to give The Reader very basic developmental information on how to become more intuitive/psychic. I want The Reader to get as excited as I was the first time I saw and felt the presence of another dimensional being! The Reader will learn through simple easy-to-follow steps to access their higher self, guides, or to communicate with their angels! To access, and to monitor the wonderful exciting psychic world around us is to alleviate the fear of death. To understand that we, as energy beings do survive The Transition. Included are drawings and photographs to help explain psychic abilities and experiences. Through the last nine years of being an intuitive counselor I discovered Spirit is part of each of our personal lives, giving guidance, encouragement and unconditional love. Several powerful...
