Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In the three essays contained in this book, author Benjamin Kerstein explores the rise of violent anti-Semitism in Europe and beyond. Examining its origins, its ideology, and its brutality - as well as the indifference and failure of the relevant authorities to arrest its spread - Kerstein concludes that there is a Global Pogrom under way. This Global Pogrom has been under way for more than a decade. It has taken lives. It has destroyed property. It has injured, brutalized, and terrified Jews and Jewish communities in many nations. And it is creating a silent exodus, a de facto expulsion, an ethnic cleansing in slow motion. This is not only a Jewish issue, but one that should concern all thinking people, because the Global Pogrom presents the world with a stark choice: The barbarism of the Global Pogrom or civilization. And a civilization, any civilization, that cannot or will not say no to barbarism, is no longer a civilization at all. These essays are reprinted by permission of The Tower magazine.
